IIICE @ IIW - CONSISTENTLY EXPANDING SINCE INCEPTION

So how has the IIICE & RGC, the flagship forums held within annual Indonesia Infrastructure Week grown so fast in just a few short years? Through tailor made programs that consistently deliver new business opportunities between public and private sector leaders that are driving the national infrastructure agenda. From its beginning these forums have been guided by the Official Steering Committee, co-chaired by the following industry leaders;

- Indonesian Chamber of Commerce and Industry
- Coordinating Ministry for Economic Affairs
- Indonesia Investment Coordinating Board
- Ministry of National Development Planning
- Association for Provincial Government Indonesia

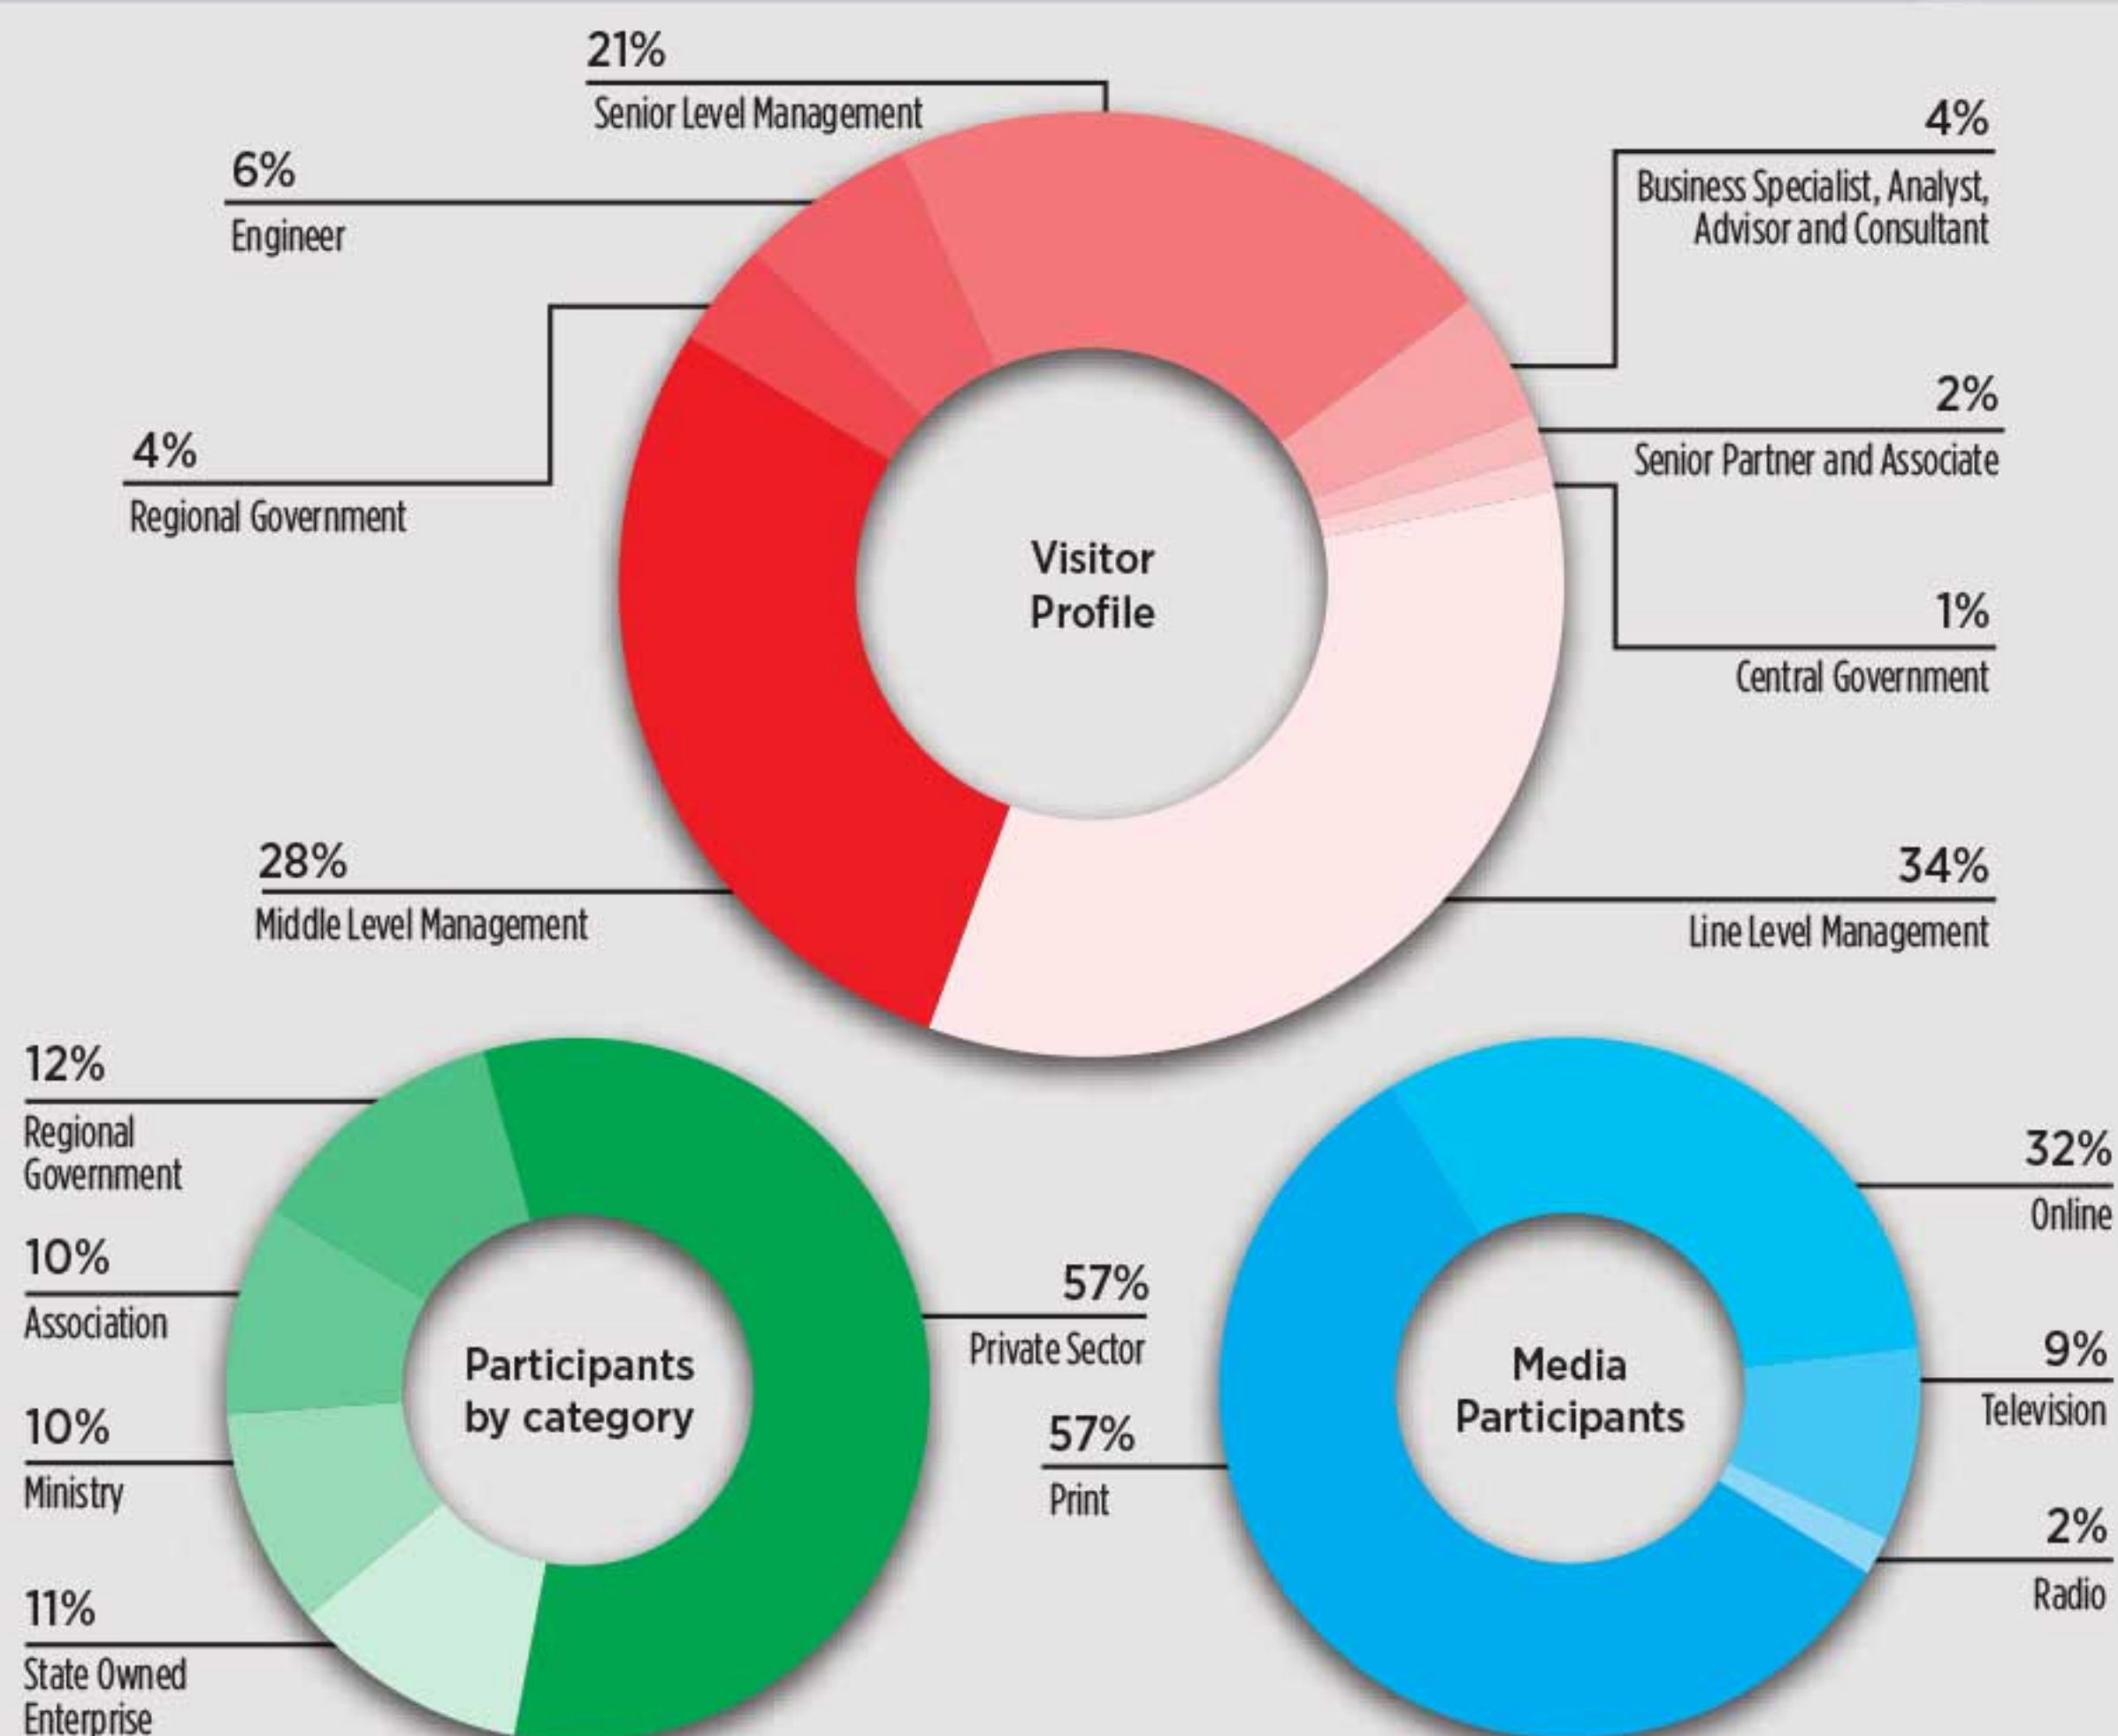

Combined with promotional campaign valued at over USD 850,000 and an unparalleled hosted buyers program valued at over USD 500,000; tailored for leading investment funds, state owned enterprises, central and regional governments related to infrastructure, the IIICE & RGC delivers year on year, the premium platform for the private sector to drive new business in partnership with Indonesia.

"We have been impressed by both the depth and breadth of people attending from the industry right from grass root supporters through to policy makers and government".

S Twelvly H,
Corporate Communication,
Bonna Indonesia, PT

DECISION MAKERS UNIQUELY AT IIICE

224 editors, reporters and interviewers actively covered IIW last year,

we're expecting over 300 this year!

"As a new province, North Kalimantan, we have numerous natural resources to be promoted in order to encourage investors into our energy sector, plantations, road and rail infrastructure, hence this kind of promotion needs such an event as IIICE. It's an excellent platform for us because, involving stakeholders both central and regional governments, local and foreign investors and private the sector to share the opportunities which benefit all parties".

Jufri S Hut,
Regional Development Planning
Agency,
North Kalimantan

REACHING THE WHOLE BUYING CHAIN

IIICE is able to attract the entire infrastructure buying chain from manufacturers through to end-users and giving exhibitors the chance to meet trade customers and influence end-users all under the same roof. With 28% of buyers coming from the Indonesian government and 61% from the private sector, the event is bringing more and more decision makers with new budgets to spend. Building on IIICE's 5th consecutive year it's set to continue its service to the government and people of Indonesia.

CONFERENCE & SEMINAR SCHEDULE 2015

RGC'15 - Regional Governments Conference

RGC 2015

REGIONAL GOVERNMENTS
CONFERENCE ON SUSTAINABLE AND
INCLUSIVE INFRASTRUCTURE DEVELOPMENT

The RGC is the Regional Governments Conference on Sustainable and Inclusive Infrastructure Development held each year in conjunction with IIICE. As the national conference for the Indonesian central and regional governments, it's the definitive annual meeting place to present the nations priority infrastructure projects. Join 'power players', institutional investors, industry stalwarts as they learn first hand from those making the policies and formulating the strategies in government that will drive new business from the acceleration of sustainable infrastructure across the archipelago. With a dedicated focus on:

- Maritime Ports
- Rail and Road Transportation
- Power Generation

The RGC delivers unparalleled opportunities to generate new leads, cement partnerships with the widest spectrum of public and private sector attendees and reinforce your organisations presence within Asia's fastest and largest infrastructure market poised for record growth once again.

Water and Waste Water Management Forum

BPPSPAM

This two-day forum delivered by National Supporting Agency for Water Supply System Development (BPPSPAM) of the Ministry of Public Works and Public Housing Republic of Indonesia delivers senior government keynotes, group discussions, problem solving debates and audience interaction to over 300 decision makers from across Indonesia and is held to an open audience on the floor of the IIICE exhibition. Dedicated to featuring leading PDAMs (regional water supply companies) from across Indonesia this forum highlights the current issues regarding project management, project finance and educating PDAMs to improve their performance and services.

National Transportation Forum

Hosted by Indonesia Transportation Society (MTI), Ministers who keynote this event will host senior level delegates from MTI members throughout Indonesia, providing the annual forum to debate issues regarding transportation and regulation with a focus on intermodal infrastructure of rail, land, sea and port transportation in support of Indonesia's infrastructure development.

Hosted Provinces

"This event is great for Bank Mandiri as we received a lot of positive response from the visitors. IIW'14 was also very important for us because it gives us the opportunity to promote our company to industry players."

Edi Pujiyanto,
Vice President Institutional Banking II,
Bank Mandiri
